RE: Capabilities List Update**

This letter is to notify the Lubbock FSDO-SW13 that Repair Station 7L3R262B is updating their Capabilities List in accordance with the procedures outlined in our Repair Station Manual.

(Section I, pg 4, Par 10.0)

A self-evaluation has been performed for the tools, equipment, materials, tech data, housing, facilities, qualified personnel, and has been determined to be adequate to make the following changes to our Capabilities List.

Addition:

Rockwell/Collins –

Air Data Computer

ADC- 3000

822-1109-028

L3 Vertex

Emergency Standby Indicating System

GH-3900RSU

9200-38000-0101

A copy of the self-evaluation is included with this letter and an updated Capabilities List with the additional radios added.

A handwritten signature in blue ink, appearing to read 'Gregory W. Harris', written over a horizontal line.
